

# **RACEE TECHE**

**RACE CARS AND COMPONENTS, INC.**

## **Stage (1) Roadster Package**

### ***Chassis Features***

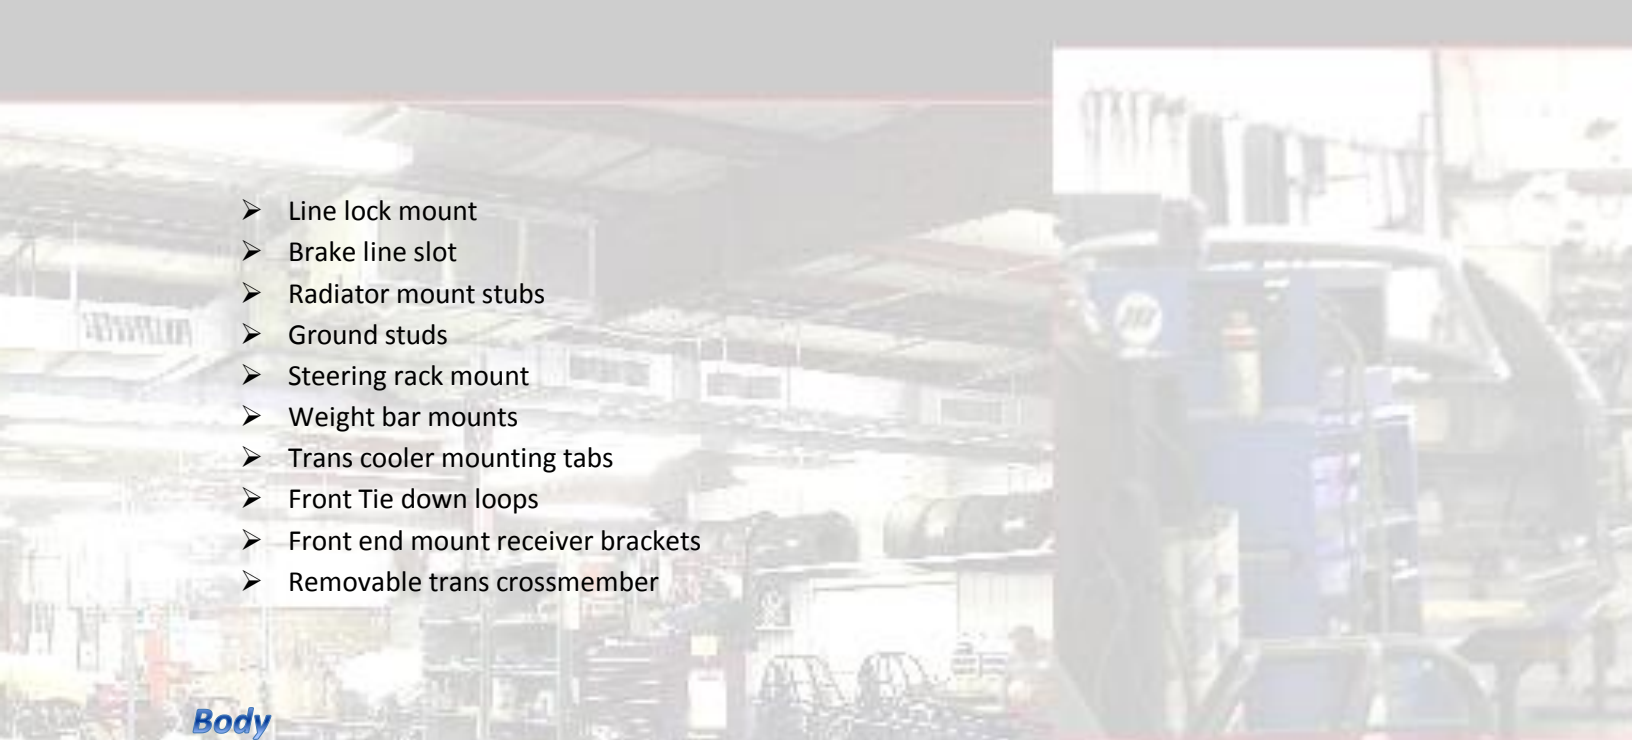

- CAD designed and engineered for proper engine, driveline and instant center locations; Which maintains the delicate balance these cars need for killer reaction times and consistent ET's
- 108" Wheel base
- Reinforced areas for the increased stress from today's horsepower
- Chassis is made using Domestic Aircraft Grade 4130 Chromoly tubing
- Built on special jig fixture
- Welded using our Race Tech designed process
- Annealed welds in critical areas  
(This stress relieves the area around the weld)
- Chassis meets current SFI 10.4 spec
- Grade 8 Hardware used throughout

### ***Steering***

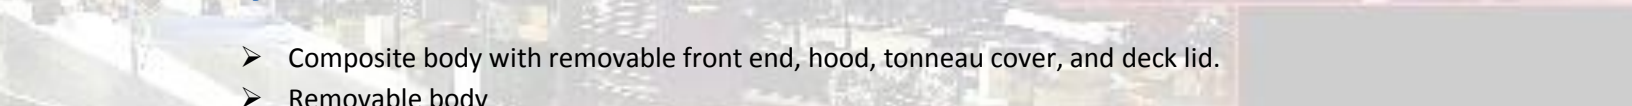

- Steering column with u-joints and dust boots.
- Nylon bushed steering column tube

### ***Front Frame Section***

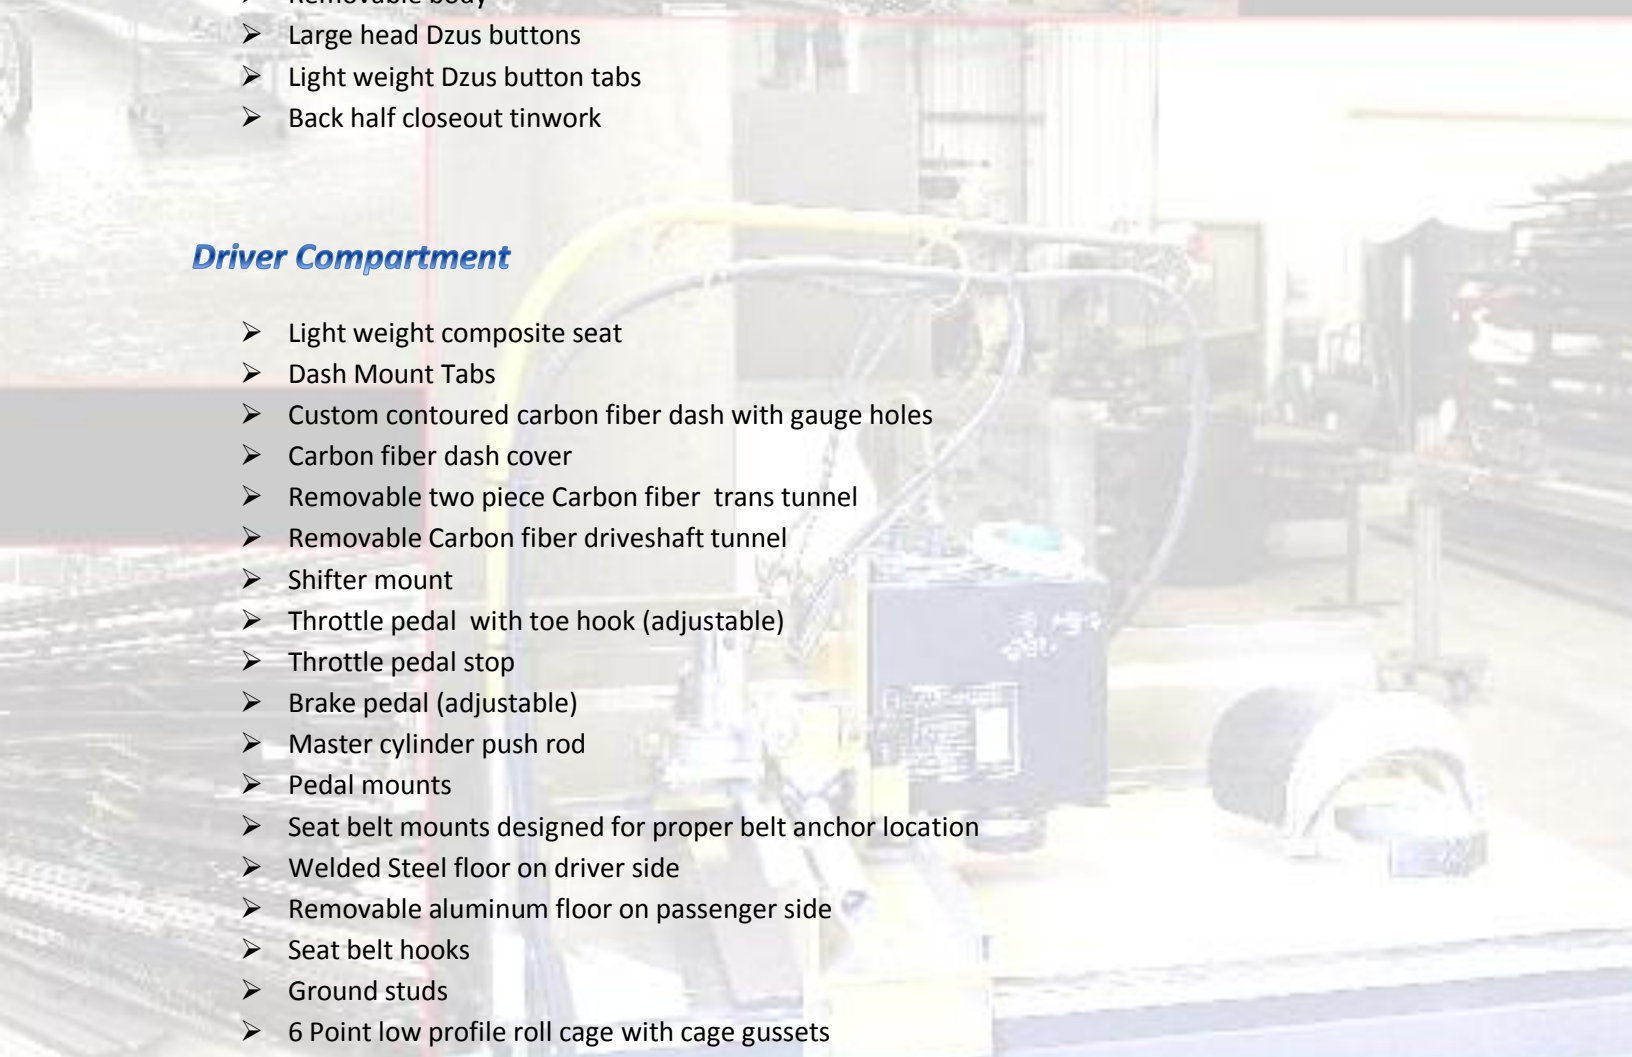

- Upper and lower strut mounts
- Strut mounts designed to keep bump steer to a minimum
- Master cylinder mount and gusset
- ¼" 6061 profiled aluminum front engine plate
- ¼" 6061 profiled aluminum rear engine plate
- Engine mounting tabs

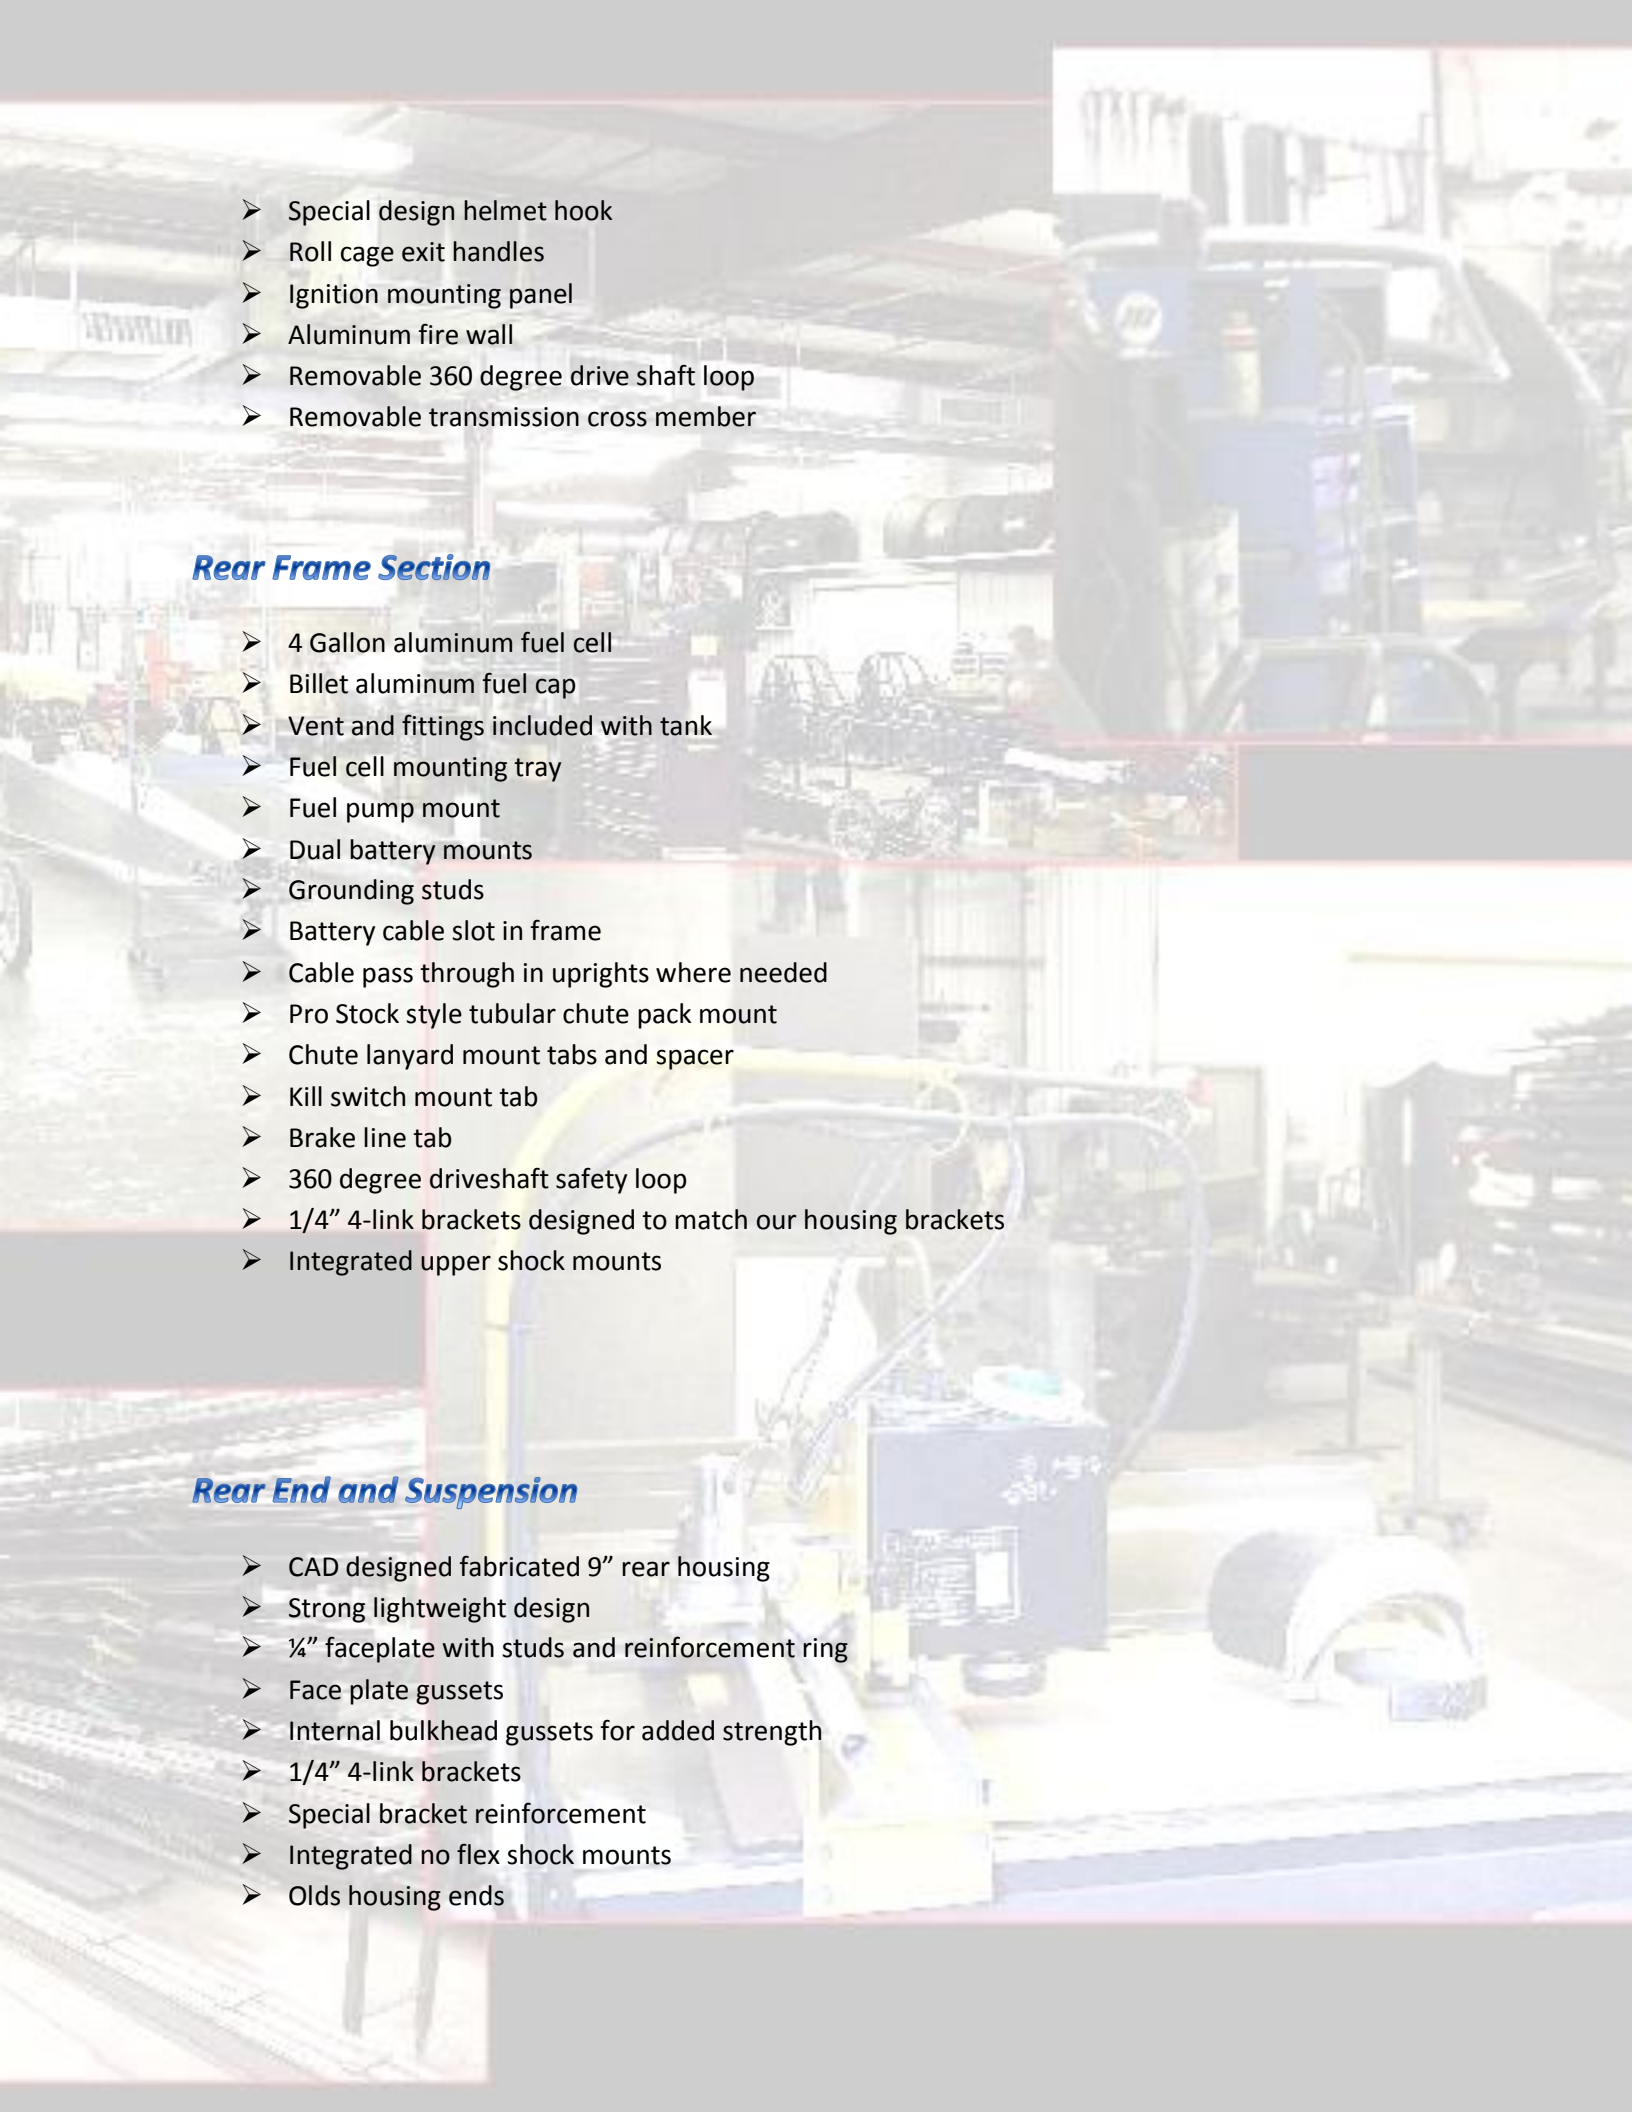

- 
- Line lock mount
  - Brake line slot
  - Radiator mount stubs
  - Ground studs
  - Steering rack mount
  - Weight bar mounts
  - Trans cooler mounting tabs
  - Front Tie down loops
  - Front end mount receiver brackets
  - Removable trans crossmember

### **Body**

- 
- Composite body with removable front end, hood, tonneau cover, and deck lid.
  - Removable body
  - Large head Dzus buttons
  - Light weight Dzus button tabs
  - Back half closeout tinwork

### **Driver Compartment**

- 
- Light weight composite seat
  - Dash Mount Tabs
  - Custom contoured carbon fiber dash with gauge holes
  - Carbon fiber dash cover
  - Removable two piece Carbon fiber trans tunnel
  - Removable Carbon fiber driveshaft tunnel
  - Shifter mount
  - Throttle pedal with toe hook (adjustable)
  - Throttle pedal stop
  - Brake pedal (adjustable)
  - Master cylinder push rod
  - Pedal mounts
  - Seat belt mounts designed for proper belt anchor location
  - Welded Steel floor on driver side
  - Removable aluminum floor on passenger side
  - Seat belt hooks
  - Ground studs
  - 6 Point low profile roll cage with cage gussets

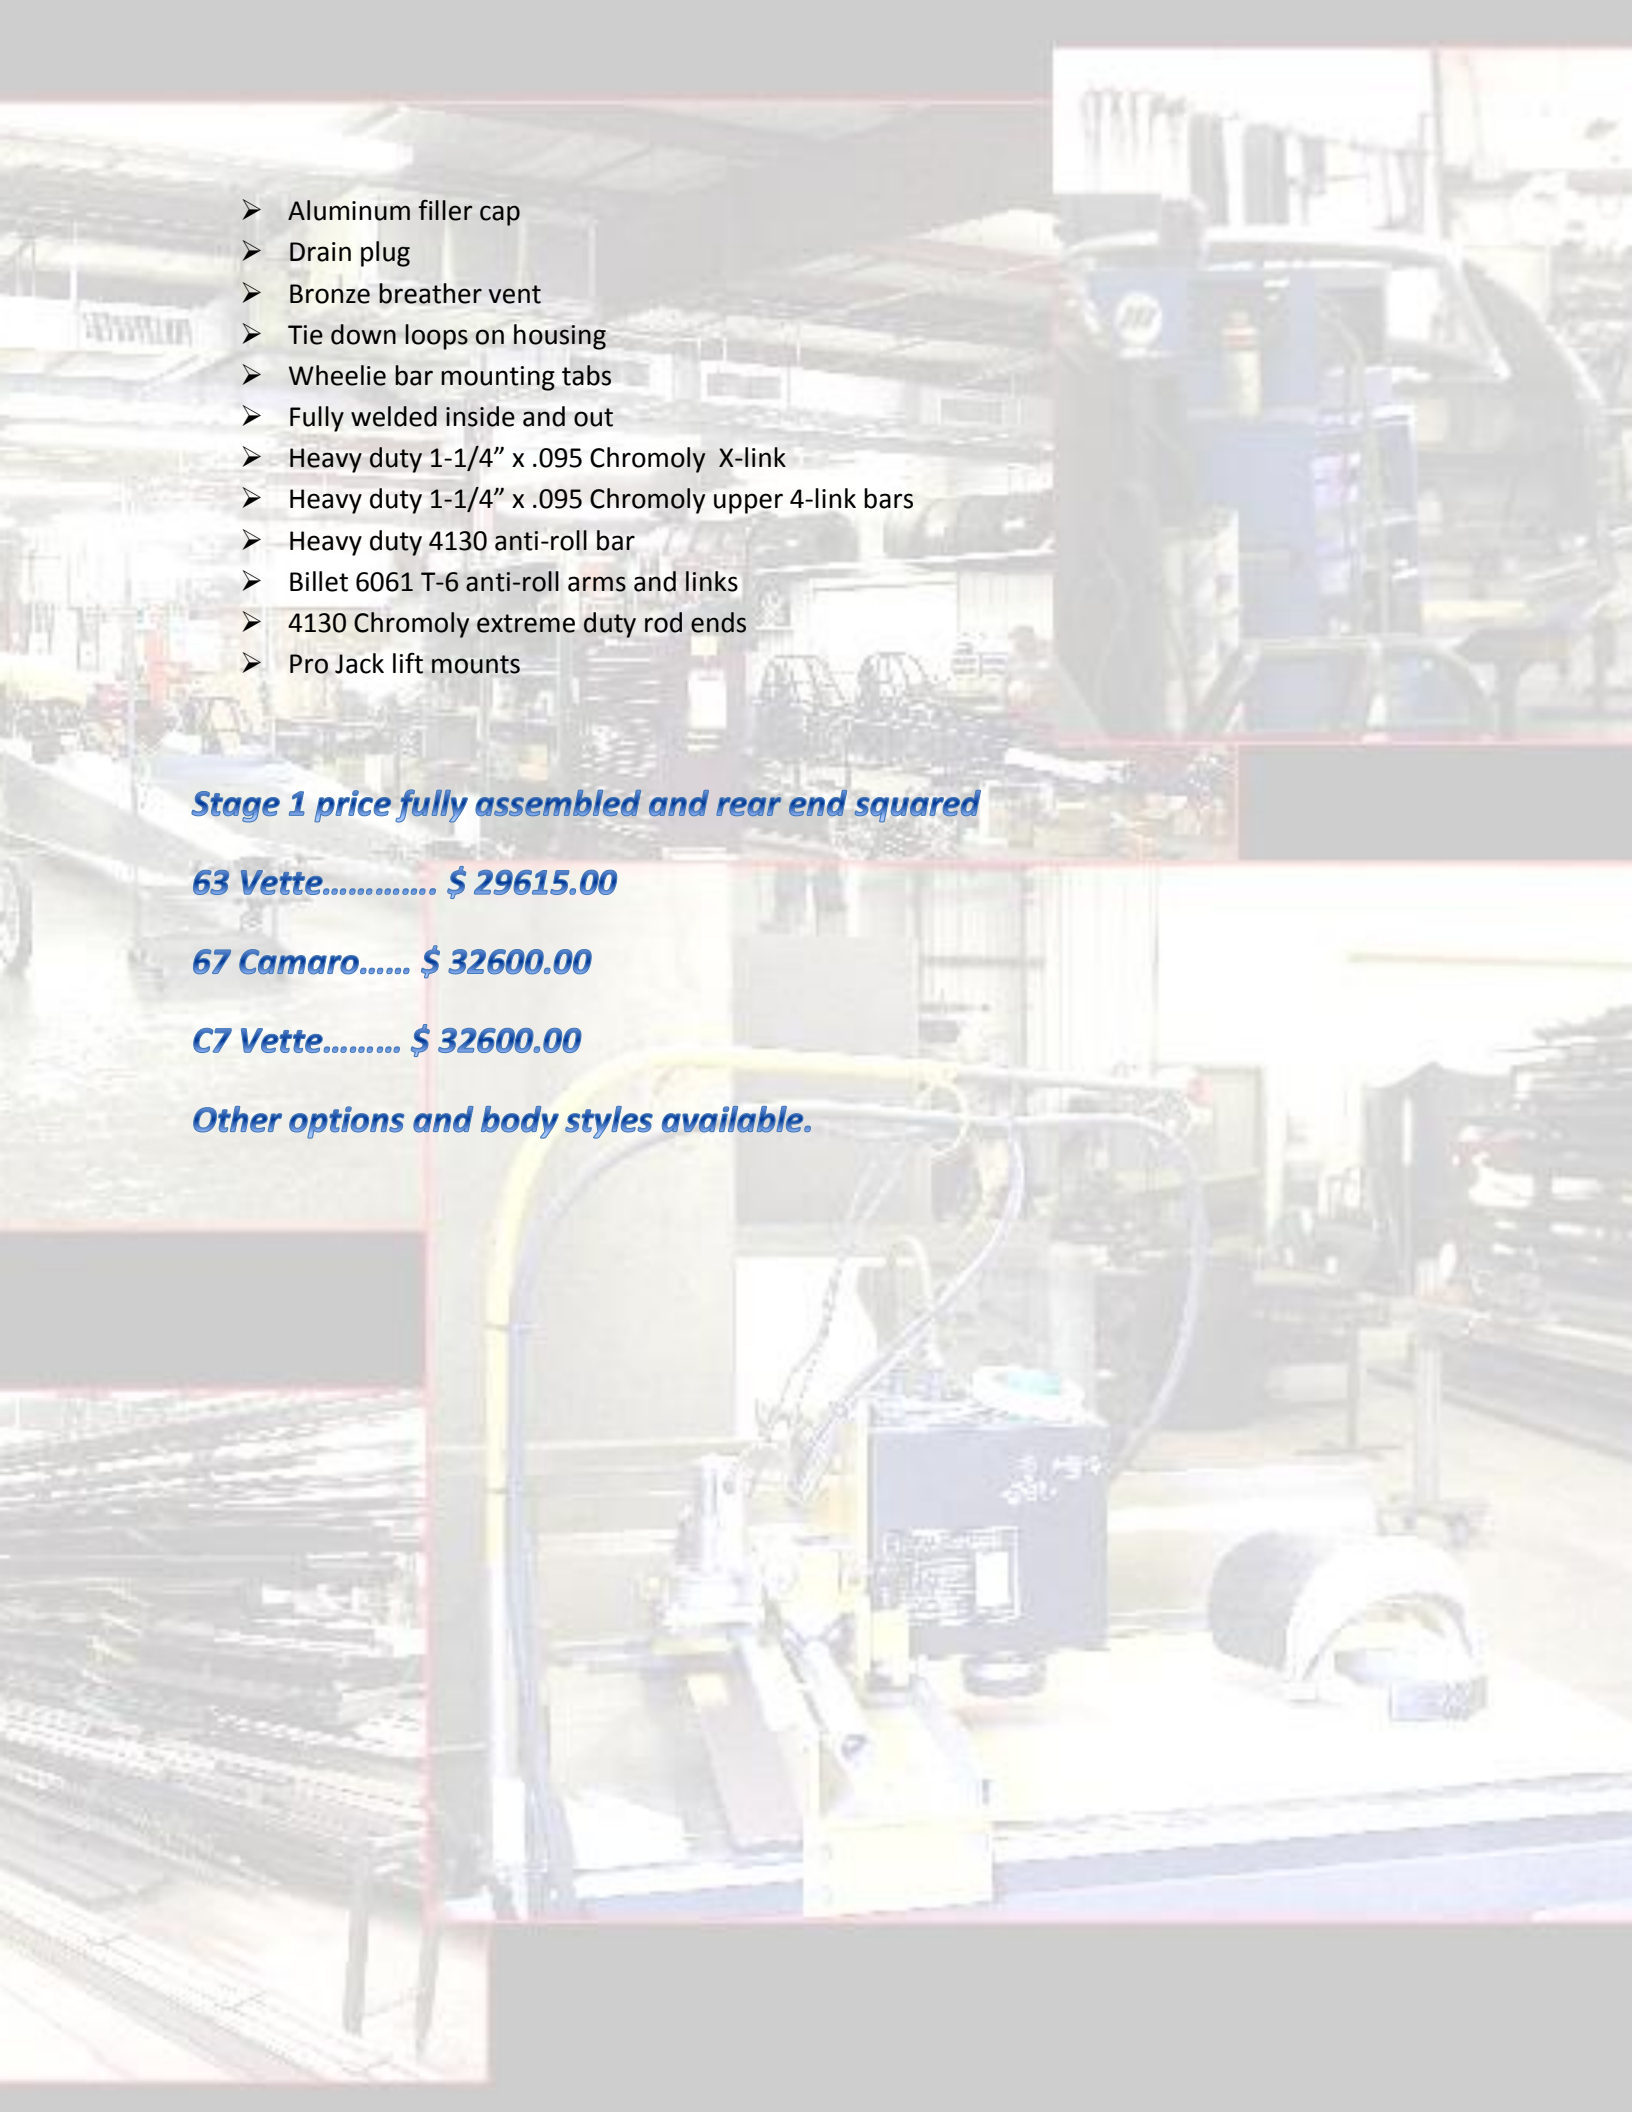

- 
- Special design helmet hook
  - Roll cage exit handles
  - Ignition mounting panel
  - Aluminum fire wall
  - Removable 360 degree drive shaft loop
  - Removable transmission cross member

### ***Rear Frame Section***

- 4 Gallon aluminum fuel cell
- Billet aluminum fuel cap
- Vent and fittings included with tank
- Fuel cell mounting tray
- Fuel pump mount
- Dual battery mounts
- Grounding studs
- Battery cable slot in frame
- Cable pass through in uprights where needed
- Pro Stock style tubular chute pack mount
- Chute lanyard mount tabs and spacer
- Kill switch mount tab
- Brake line tab
- 360 degree driveshaft safety loop
- 1/4" 4-link brackets designed to match our housing brackets
- Integrated upper shock mounts

### ***Rear End and Suspension***

- CAD designed fabricated 9" rear housing
- Strong lightweight design
- 1/4" faceplate with studs and reinforcement ring
- Face plate gussets
- Internal bulkhead gussets for added strength
- 1/4" 4-link brackets
- Special bracket reinforcement
- Integrated no flex shock mounts
- Olds housing ends

- 
- Aluminum filler cap
  - Drain plug
  - Bronze breather vent
  - Tie down loops on housing
  - Wheelie bar mounting tabs
  - Fully welded inside and out
  - Heavy duty 1-1/4" x .095 Chromoly X-link
  - Heavy duty 1-1/4" x .095 Chromoly upper 4-link bars
  - Heavy duty 4130 anti-roll bar
  - Billet 6061 T-6 anti-roll arms and links
  - 4130 Chromoly extreme duty rod ends
  - Pro Jack lift mounts

***Stage 1 price fully assembled and rear end squared***

***63 Vette..... \$ 29615.00***

***67 Camaro..... \$ 32600.00***

***C7 Vette..... \$ 32600.00***

***Other options and body styles available.***
